A Gripping Drama of Love and High Finance by Edward A. Kaufman

By means of a powerful and absorbing story the author of "Soul Mates" shows in a masterful manner that no line can be drawn between men and women when they are evil any more than they can be judged by different standards when they are good.

FRENCH JURY UNABLE TO AGREE ON VERDICT; HELLMAN CASE STARTS

Bisbee Man's Case Given to Jury Wednesday Night. Delinquent List of Texas in County Smaller Than Ever.

TOMBSTONE, Aug. 4.—(Special)—The jury in the case of the State vs. O. S. French, which had been out since Wednesday at five o'clock, came into court this morning and asked that they be allowed to examine the daily reports that were made by the detectives, as they were unable to agree and they thought that the reports might help straighten them out. The reports were given to the jury after Attorney Williams and Murray

of their parents and guardians, Robert Terry Orr to wed Emma May Boughter, both of Bisbee; James Alfred Drake to wed Nancy May Miller, both of Douglas.

Dies in Asylum.

Advice have been received at the clerk's office that Oscar Weigle, who was sent to the asylum from Lowell last fall, had died at that institution a Wednesday. He had been a resident of the Warren District for a number of years.

Delinquent List Small.

According to the totals just compiled by county treasurer H. S. Ross, the amount of delinquent taxes up to August 1st, is \$17,000.26, or about \$500.00 less than the delinquent list of last year. The total delinquent taxes up to May 1st, the last day on which the second installment could be paid was \$25,184.69, making the collection \$8,184.43 up to August 1st.

Mr. Ross stated today that he understands many of those who paid their first installments are under the impression that they have paid all their taxes for this year, and he is preparing a form to send out notifying them that their taxes are delinquent and subject to sale if they fail to remit the second installment. A large amount of the remaining delinquent list will be collected in the opinion of Mr. Ross, and before several months he hopes to materially cut down the list.

Snake Bites Charming.

Nick Cordova, a Mexican who is known to everybody in Tombstone, having resided here for the past 20 years, was bitten by a rattlesnake again yesterday, but today, outside of a little swelling and soreness, is as well and healthy as ever.

Now, Nick, as everybody knows, is a snake handler, and a gatherer of all sorts of wild animals from snakes to wolves, which he disposes of to eastern buyers at fancy prices, and yesterday while carrying about his neck a captive rattler, measuring about five feet in length and wearing eleven rattlers and a button, the reptile managed to escape the grip of his right hand and before Nick could recover his grasp he had been stung on the first finger, making the second time he had been bitten by a rattler, the first having been about a year ago, when a captive reptile nipped him on the third finger of the same hand.

A medicine known as "La Sanadora" as the Mexican calls it, has saved his life, he says, and by drinking it and applying it freely to the bite he says he has felt no ill effects from either sting. Nick says he will continue to capture snakes and the like, despite his recent experiences, that would have resulted in death to anyone but Nick.
